

PRADIPSINH JADEJA

Python & Django Developer

pradipsinh0906@gmail.com • +91 97121 82021 • Ahmedabad, India • [LinkedIn](#) • [Portfolio](#)

PROFESSIONAL SUMMARY

Python & Django Developer with hands-on experience designing and building full-stack web applications, REST APIs, and secure authentication systems. Proficient in Django, MySQL, PostgreSQL, and Git, with a strong foundation in backend architecture, database optimization, and third-party integrations. Proven ability to deliver production-ready applications through internship work and personal projects. Passionate about writing clean, scalable code and eager to contribute to high-impact backend engineering teams.

TECHNICAL SKILLS

Backend: Python, Django, Django REST Framework, Authentication (JWT / Session), Role-Based Access Control

Frontend: HTML5, CSS3, Bootstrap, JavaScript

Databases: MySQL, PostgreSQL, SQLite — query optimization & schema design

APIs & Integrations: REST API design, third-party API consumption, JSON data handling

Platform / CMS: Magento 2 (custom modules, cart/checkout/admin customizations)

DevOps & Deployment: Render, PythonAnywhere, Git, GitHub, Bitbucket

Other: PHP, C, C++, Jira (defect tracking), Scrum methodology

PROFESSIONAL EXPERIENCE

Python & Django Developer Intern | [Infinite Soft Tech](#)

Dec 2025 – April 2026

- ▶ Built full-stack web applications using Python, Django, HTML, CSS, Bootstrap, and JavaScript.
- ▶ Developed robust backend logic including user authentication systems (Login, Signup, Role-Based Access Control).
- ▶ Designed and implemented REST APIs for seamless communication between frontend and backend services.
- ▶ Modeled relational databases and managed data using SQLite and MySQL.
- ▶ Deployed Django applications to cloud platforms — Render and PythonAnywhere.
- ▶ Maintained version-controlled codebases on GitHub with proper documentation and branching strategies.
- ▶ Debugged and optimized backend performance, improving response times and application efficiency.

Software Engineer | [Kitchen365](#)

Feb 2024 – Dec 2025

- ▶ Led development of custom Magento 2 modules and feature enhancements for e-commerce clients.
- ▶ Executed complex customizations across cart, checkout, product, customer, and admin modules to improve UX.
- ▶ Built and managed API integrations with third-party services for seamless data workflows.
- ▶ Optimized MySQL queries and managed database architecture to support high-performance e-commerce sites.
- ▶ Conducted bug fixing, performance tuning, and critical production support.

PROJECTS

Blog Application [GitHub ->](#)

Feb 2026

- ▶ Built a full-featured blog platform with Django including complete CRUD operations on posts.
- ▶ Implemented secure user authentication — Login, Signup, and Logout workflows.
- ▶ Developed a comment system enabling user interaction on published posts.
- ▶ Designed a responsive, mobile-friendly UI using HTML, CSS, and Bootstrap.

Weather Application [GitHub ->](#)

Mar 2026 – Present

- ▶ Created a real-time weather app that fetches live data from external weather APIs.
- ▶ Implemented city-based search displaying temperature, humidity, feels-like, and min/max conditions.
- ▶ Designed a responsive UI using HTML, CSS, and Bootstrap for cross-device compatibility.

ReelsDownloader [GitHub ->](#)

Jan 2026 – Mar 2026

- ▶ Developed a Django-based application to download social media videos via URL input.
- ▶ Integrated third-party libraries/APIs to extract and process video content efficiently.
- ▶ Implemented robust error handling for invalid or restricted links.
- ▶ Optimized backend for faster response times and smooth download performance.

EDUCATION

Master of Computer Applications (MCA)

2024 – 2026

Rudra Goswami College of Computer Application, Ahmedabad

Bachelor of Computer Applications (BCA)

2021 – 2024

Rudra Goswami College of Computer Application, Ahmedabad

CERTIFICATIONS

- ▶ C++ Language Certification (2023)
- ▶ C Language Certification (2022)
